Professional Profile

Mid-level Fullstack Developer with 4+ years of experience building scalable web applications and APIs. Proficient in Python (Flask/Django) and JavaScript/TypeScript ecosystems (React, Next.js, Node.js). Actively contribute to open-source projects and have a strong foundation in data-driven applications. Experienced in Agile teams, CI/CD pipelines, and cloud services (AWS, GCP). Passionate about crafting clean, maintainable code and delivering end-to-end solutions.

Core Competencies

Python · TypeScript · JavaScript · React · Next.js · Node.js · Django · Flask · TanStack Router · Blitz.js · Reflex · PostgreSQL · MongoDB · Redis · Docker · Git · AWS · Google Cloud · Agile · Problem Solving · Team Collaboration

Professional Experience

Junior Fullstack Developer at Breadfast (2020-01 – 2021-05)

Developed and maintained features for the company's e-commerce and delivery platforms using React and Node.js. Built RESTful APIs for order management and integrated third-party payment gateways. Collaborated with cross-functional teams to deploy features on AWS.

Fullstack Developer at Instabug (2021-06 – 2023-01)

Designed and implemented high-performance dashboards and analytics modules using React, TypeScript, and Python (Django). Optimized SQL queries and introduced Redis caching for real-time bug reporting features. Led migration of legacy frontend components to React Hooks.

Fullstack Developer at Vezeeta (2023-02 – 2024-04)

Built patient-facing booking and telehealth features using Next.js and Node.js. Developed serverless APIs with Google Cloud Functions and Firestore. Championed adoption of TanStack Router for improved client-side routing and type safety.

Fullstack Engineer at Vodafone Intelligent Solutions (_VOIS) (2024-05 – Present)

Architecting internal tools and automation platforms using Blitz.js and TypeScript. Building real-time data pipelines and dashboards with Python and Reflex. Driving CI/CD improvements and mentoring junior developers.

Education

Bachelor of Science in Computer Engineering — Cairo University (2020-06)

Certifications

AWS Certified Developer – Associate — Amazon Web Services

Google Cloud Professional Cloud Developer — Google Cloud
MongoDB Associate Developer — MongoDB University
