

# Youssef Khaled Ibrahim

fullstack | Fresher | Cairo, Egypt

1019095@stemegypt.edu.eg | +20 10 9876 5432 | [www.linkedin.com/in/youssefkhaledswe](https://www.linkedin.com/in/youssefkhaledswe)

## About Me

---

Passionate full-stack developer intern with hands-on experience building web applications using Python (Flask, Reflex), TypeScript, React/Next.js, and modern full-stack frameworks. Contributed to open-source projects and completed technical challenges like 30 Days of Python. Eager to apply problem-solving skills in a collaborative engineering environment while continuing to learn and grow.

## Education

---

**Bachelor of Science in Computer Engineering and Systems** 2027-06  
Cairo University

**High School Diploma in STEM (Science, Technology, Engineering, Mathematics)** 2023-06  
STEM Egypt School for Boys - 6th of October

## Projects

---

### [freeCodeCamp](#) (2026-05)

freeCodeCamp.org's open-source codebase and curriculum. Learn math, programming, and computer science for free.

Tech: TypeScript

### [react](#) (2026-05)

The library for web and native user interfaces.

Tech: JavaScript

### [next.js](#) (2026-05)

The React Framework

Tech: JavaScript

### [react-native](#) (2026-05)

A framework for building native applications using React

Tech: C++

### [free-programming-books-zh\\_CN](#) (2026-05)

:books: 免费的计算机编程类中文书籍，欢迎投稿

## Skills

---

Python TypeScript JavaScript HTML CSS React Next.js Flask Reflex TanStack Router  
Blitz.js PostgreSQL MongoDB Git Docker AWS Agile Methodologies Problem Solving Teamwork

## Internships / Experience

---

**Web Development Intern** at Breadfast (2025-01 – Present)

Developing and maintaining internal dashboards using React and TypeScript. Collaborating with senior engineers to implement new features and fix bugs in the company's order management system. Participating in code reviews and daily stand-ups.

**Full-stack Developer at Freelance** (2024-09 – 2024-12)

Built responsive websites and small web applications for local clients using React, Next.js, and Flask. Managed deployment on Vercel and PythonAnywhere. Provided maintenance and content updates.

**Full-stack Developer Intern at Instabug** (2024-06 – 2024-08)

Built an internal tool for monitoring test coverage reports using Python and Reflex. Worked on improving the company's developer documentation portal using TypeScript and Next.js. Presented project outcomes to the engineering team.

**Software Engineering Intern at Vezeeta** (2023-06 – 2023-08)

Assisted in building RESTful APIs using Flask and integrated them with a React front-end for the patient appointment booking feature. Wrote unit tests and participated in sprint planning sessions.

## Certifications

---

AWS Certified Cloud Practitioner — Amazon Web Services

Google IT Support Professional Certificate — Google / Coursera

Meta Front-End Developer Professional Certificate — Meta / Coursera
