SUMMARY

Fullstack engineer with 5 years of experience designing and building scalable web applications. Proficient in Python (Flask, Django), TypeScript (React, Next.js), and database management. Passionate about clean code and continuous learning. Contributed to open-source projects and delivered high-impact features in fast-paced teams.

WORK EXPERIENCE

Senior Fullstack Developer

2022-03 — Present

Instabug (full-time)

Lead development of internal dashboards for crash reporting and bug tracking using React, TypeScript, and Python Flask. Designed and implemented RESTful APIs and microservices, improving data retrieval time by 30%. Mentored junior developers and conducted code reviews.

Fullstack Developer

2020-06 — 2022-02

Vezeeta (full-time)

Built and maintained the patient booking platform using Next.js and Node.js. Integrated payment gateways and third-party APIs, enhancing user experience. Collaborated with cross-functional teams to migrate legacy PHP backend to Node.js microservices.

Software Engineer

2019-03 — 2020-05

Swvl (full-time)

Worked on the transportation ticketing system using Python Django and React frontend. Implemented real-time tracking features with WebSockets. Participated in Agile development practices and daily stand-ups.

Associate Fullstack Developer

2018-07 — 2019-02

Fawry (full-time)

Developed e-commerce payment checkout solutions using Java Spring Boot and Angular. Assisted in database schema design and performance tuning. Delivered frontend components for merchant dashboards.

EDUCATION

Bachelor of Science in Computer Science

2018-06

Cairo University

SKILLS

Python, TypeScript, JavaScript, React, Next.js, Flask, Django, Node.js, PostgreSQL, MongoDB, Docker, AWS, Git, REST APIs, Agile/Scrum, Problem Solving

PROJECTS

[system-design-primer](#) (Python)

Learn how to design large-scale systems. Prep for the system design interview. Includes Anki flashcards.

[awesome-python](#) (Python)

An opinionated list of Python frameworks, libraries, tools, and resources

[project-based-learning](#)

Curated list of project-based tutorials

[Python](#) (*Python*)

All Algorithms implemented in Python

[tensorflow](#) (*C++*)

An Open Source Machine Learning Framework for Everyone

CERTIFICATIONS

AWS Certified Developer – Associate — Amazon Web Services (2022-03)

Meta Back-End Developer Professional Certificate — Coursera (2021-11)

MongoDB Associate Developer — MongoDB (2020-08)
