CERTIFICATIONS

Google Associate Android Developer
Google, 2022-05
AWS Certified Cloud Practitioner
Amazon Web Services, 2023-01
Meta React Native Specialization
Coursera, 2023-09

Profile

Junior Mobile Developer with 2 years of hands-on experience crafting cross-platform applications using Flutter, React Native, and Ionic. Adept at transforming designs into high-performance mobile experiences for Android and iOS. Active open-source contributor passionate about beautiful UI and clean code. Proven ability to work in agile teams and deliver robust solutions on time.

Experience

Associate Flutter Developer2023-06 — Present
Breadfast

Building and maintaining customer-facing mobile app features for daily essentials delivery using Flutter, BLoC pattern, and Firebase. Collaborated with UI/UX designers to implement custom animations and responsive layouts. Improved app performance by reducing widget rebuild time by 30%.

Junior Mobile Developer2022-01 — 2023-05
Paymob

Developed a merchant payment acceptance app using React Native and Redux. Integrated NFC payments and QR code scanning. Wrote unit and integration tests with Jest and Detox, achieving 85% code coverage. Participated in daily stand-ups and sprint planning.

Mobile Engineering Intern2021-08 — 2021-12
Swwl

Assisted the iOS team in building new trip booking flow using SwiftUI and Combine. Implemented UI components from Figma specs and fixed layout issues on older devices. Gained foundational experience in cross-platform Ionic hybrid apps for internal tools.

Education

B.Sc. in Computer Science in Computer Science2021-06
Cairo University

Projects

n8n
Fair-code workflow automation platform with native AI capabilities. Combine visual building with custom code, self-host or cloud, 400+ integrations.

vscode
Visual Studio Code

prompts.chat
f.k.a. Awesome ChatGPT Prompts. Share, discover, and collect prompts from the community. Free and open source — self-host for your organization with complete privacy.

langchain
The agent engineering platform.

TypeScript
TypeScript is a superset of JavaScript that compiles to clean JavaScript output.
