Profile

Passionate junior fullstack developer with 2 years of experience building scalable web applications using Python, TypeScript, and React ecosystems. Proficient in both frontend and backend development, with hands-on experience in Flask, Next.js, and cloud services. Strong advocate for clean code, agile methodologies, and open source contributions. Eager to leverage problem-solving skills in a dynamic team to deliver impactful digital solutions.

Experience

Fullstack Developer Intern at Vezeeta 2023-01 – 2023-03

Assisted in developing internal dashboards using React and Flask. Performed database migration tasks and wrote unit tests. Participated in daily stand-ups and code reviews under senior guidance.

Fullstack Developer (Contract) at Fawry 2023-04 – 2023-07

Developed payment gateway integration services and frontend components using React and Express. Ensured secure data handling and implemented API endpoints for transaction processing.

Junior Fullstack Developer at Breadfast 2023-08 – 2024-06

Built and maintained customer-facing web applications with Next.js and TypeScript. Designed RESTful APIs with Node.js and Express, integrated third-party services, and collaborated with UI/UX designers.

Associate Fullstack Developer at Instabug 2024-07 – Present

Contributing to the fullstack bug reporting and crash analytics platform. Building features with React, Redux, and Python/Flask microservices. Optimizing frontend performance and writing integration tests.
