Summary

Mid-level Machine Learning Engineer with 6 years of experience building, deploying, and optimizing ML models across healthcare, fintech, and developer tools. Active contributor to major open-source projects including TensorFlow, PyTorch, and Hugging Face Transformers. Skilled in end-to-end MLOps pipelines, cloud ML services (AWS, Azure), and large language model fine-tuning. Proven ability to deliver production-grade models that improve business metrics.

Work Experience

Period	Role & Company	Description
2022-01 Present	Machine Learning Engineer Microsoft	Develop and maintain ML models for Azure Cognitive Services, focusing on NLP and computer vision APIs. Collaborate with cross-functional teams to integrate models into scalable cloud infrastructure. Reduce model inference latency by 30% through ONNX Runtime optimizations.
2020-06 2021-12	Machine Learning Engineer Instabug	Built anomaly detection and crash report clustering models for mobile app monitoring platform. Implemented real-time inference pipeline processing over 1M daily events. Increased bug categorization accuracy by 25%.
2019-01 2020-05	Data Scientist (ML) Vezeeta	Designed recommendation engine and patient no-show prediction system for digital healthcare platform. Conducted A/B tests to validate model impact on user engagement and revenue. Mentored junior team members on ML best practices.
2018-01 2018-12	Junior Machine Learning Engineer Fawry	Developed fraud detection and risk scoring models for digital payments gateway. Automated ETL pipelines and model retraining workflows. Achieved 15% reduction in false positive rate.

Education

Year	Degree	Institution
2017-06	Bachelor of Science in Computer Science	Cairo University

Skills

Python | C++ | TensorFlow | PyTorch | Hugging Face Transformers | scikit-learn | MLOps | Docker | Kubernetes | AWS | Azure | Spark | SQL | Large Language Models (LLM) | Deep Learning

Certifications

Name	Issuer	Date
AWS Certified Machine Learning – Specialty	Amazon Web Services	2022-05
Google Professional Machine Learning Engineer	Google Cloud	2023-03
Microsoft Certified: Azure Data Scientist Associate	Microsoft	2021-11
