

Profile

Mid-level Mobile Developer with 5+ years of experience building high-performance cross-platform applications using Flutter and React Native. Proven track record of delivering production-grade apps in fintech, healthtech, and SDK domains. Open-source contributor to major frameworks like Flutter and Ionic, with a strong focus on clean architecture, CI/CD, and agile methodologies.

Experience

Senior Mobile Software Engineer 2023-04 — Present
Microsoft

Lead development of cross-platform mobile applications using React Native and Flutter, integrating Azure AI services. Streamlined CI/CD pipelines, reduced build times by 40%, and mentored junior engineers on best practices for both Android and iOS.

Flutter Developer 2021-06 — 2023-03
Instabug

Built and maintained bug-reporting SDK used by thousands of apps worldwide. Enhanced Flutter plugins, improved performance by 30% through lazy rendering, and collaborated with product teams to align features with user feedback.

React Native Developer 2020-01 — 2021-05
Vezeeta

Developed the patient-facing mobile app with React Native, integrating video consultations and real-time chat. Worked closely with backend engineers to design GraphQL APIs and ensure seamless offline support.

Junior Android Developer 2019-07 — 2019-12
Fawry

Contributed to the Fawry mobile payment app by implementing new bill payment features and UI components using Java and Kotlin. Wrote unit tests and participated in code reviews to maintain a 95% crash-free rate.

Education

Bachelor of Science in Computer Science in Computer Science 2018-06
Cairo University

Projects

flutter/flutter
Flutter makes it easy and fast to build beautiful apps for mobile and beyond

facebook/react-native
A framework for building native applications using React

Solido/awesome-flutter
An awesome list that curates the best Flutter libraries, tools, tutorials, articles and more.

ionic-team/ionic-framework
A powerful cross-platform UI toolkit for building native-quality iOS, Android, and Progressive Web Apps with HTML, CSS, and JavaScript.

expo/expo
An open-source framework for making universal native apps with React. Expo runs on Android, iOS, and the web.
