

Natalie Cox

natalie.cox@outlook.com | (525)672-1900x0337 | West Ericmouth, Singapore | <https://linkedin.com/in/natalie-cox>

Lead backend engineering professional with 8 years driving technical strategy and team excellence. Expert in C#, Python, Rust with track record of building and scaling engineering teams.

Experience

LLM Engineer — Supabase

2023-11 to Present

Built event-driven architecture using GCP, processing 10000+ events daily
Optimized database queries using Redis, improving query performance by 70%
Built automated CI/CD pipelines with Railway, reducing deployment time by 37%

AI Engineer — Snowflake

2022-04 to 2023-07

Reduced infrastructure costs by 68% through optimization using LLM Integration
Built automated CI/CD pipelines with ArgoCD, reducing deployment time by 41%
Designed and implemented microservices architecture using ArgoCD, handling 100000+ concurrent users
Designed and implemented message queue system using Cloudflare, processing 100000+ messages/hour

Server-Side Developer — HashiCorp

2017-12 to 2022-03

Optimized database queries using Rails, improving query performance by 67%
Architected and built RESTful APIs serving 500+ requests/day using Rails, reducing response time by 62%
Designed and implemented microservices architecture using Rails, handling 5000+ concurrent users

Education

M.Tech., Mathematics

MIT (2018)

M.Tech., Computer Science

Carnegie Mellon University (2017)

Skills

C# Python Rust Django Actix FastAPI
PlanetScale Supabase MongoDB PostgreSQL Helm
GitHub Actions RabbitMQ GCP Azure AWS Vercel
Replicate Anthropic Azure OpenAI Scrum
Microservices Agile

Projects

GraphQL Server

Built Notification Service using Actix and C#, enabling automated processing and improving efficiency by 40%

Payment Processing System

Designed Cache Layer leveraging Python microservices architecture with Rust for caching

Database Proxy

Created API Gateway leveraging C# for core functionality and Django for optimization

Certifications

Certified Kubernetes Administrator — CNCF

Google Cloud Professional Cloud Developer — Google
