SUMMARY

Technical leader in backend engineering with extensive experience designing microservices, optimizing performance, and building high-performing teams. Proficiency in Node.js, TypeScript, Python.

WORK EXPERIENCE

API Developer

2023-07 — Present

Spotify (contract)

Mentored team of 6 junior developers on FastAPI best practices

Architected and built RESTful APIs serving 100+ requests/day using FastAPI, reducing response time by 20%

Created authentication and authorization system using FastAPI, securing 1000+ user accounts

API Developer

2020-06 — 2023-01

AgentForge (full-time)

Reduced infrastructure costs by 70% through optimization using AWS Bedrock

Implemented caching layer with Supabase, reducing database load by 59%

Mentored team of 7 junior developers on CockroachDB best practices

Architected and built RESTful APIs serving 5000+ requests/day using Kafka, reducing response time by 19%

EDUCATION

M.Eng. in Cybersecurity

2018

Carnegie Mellon University

SKILLS

Node.js, TypeScript, Python, Express.js, LangChain, Spring Boot, SQLite, MySQL, Docker, Ansible, Terraform, Azure, Railway, DigitalOcean, Hugging Face, Anthropic, GraphQL, Event-Driven Architecture

PROJECTS

Notification Service *(LangChain, Python, Express.js)*

Built Auth Service using Python and LangChain, enabling automated processing and improving efficiency by 40%

Search Engine *(LangChain, Node.js, Express.js)*

Implemented Event Streaming Service using Express.js, achieving 99.9% uptime and handling 50k+ requests daily

API Gateway *(Express.js, TypeScript, LangChain)*

Created REST API Framework leveraging LangChain for core functionality and TypeScript for optimization

Database Proxy *(Express.js, LangChain, TypeScript)*

Designed and implemented GraphQL Server with TypeScript, integrating with Express.js for seamless data flow

GraphQL Server *(Spring Boot, Python, TypeScript)*

Developed Data Sync Platform using Spring Boot, reducing processing time by 60% through algorithmic improvements

CERTIFICATIONS

Oracle Certified Professional Java SE — Oracle (2020)

AWS Certified Solutions Architect — Amazon Web Services (2023)

ADDITIONAL

Publication: "From hand go go cost throw" — NeurIPS 2021
