SUMMARY

Senior technical leader specializing in frontend engineering with expertise in JavaScript, HTML, Dart. Proven success in technical vision, team development, and stakeholder management.

WORK EXPERIENCE

Full-Stack Developer

2021-12 — Present

Tesla (full-time)

Developed responsive web applications using AWS Amplify, improving page load time by 62%

Developed design system using AWS Amplify, standardizing UI across 1000+ applications

Improved website accessibility score to 58% using React

Built real-time collaboration features using Netlify, serving 100+ concurrent users

UI Engineer

2017-05 — 2021-08

Apple (full-time)

Implemented automated testing framework using Bootstrap, achieving 50% code coverage

Integrated third-party APIs using Storybook, reducing integration time by 65%

UI Engineer

2014-04 — 2017-02

ModelShip (full-time)

Built interactive data visualizations using Supabase, serving 100+ daily users

Improved website accessibility score to 53% using Supabase

EDUCATION

M.Eng. in Mathematics

2013

KAIST

SKILLS

JavaScript, HTML, Dart, Material UI, Next.js, React, Bootstrap, Webpack, Vite, Firebase, Supabase, MongoDB, IndexedDB, AWS Amplify, Vercel, Cloudflare Pages, Netlify, Render, Responsive Design, Progressive Web Apps, Accessibility (WCAG), Component-Driven Development

PROJECTS

Mobile Web App *(React, Bootstrap, JavaScript)*

Created Mobile Web App leveraging JavaScript for core functionality and Bootstrap for optimization

Data Visualization Tool *(Next.js, Material UI, JavaScript)*

Developed React Component Library using Next.js, reducing processing time by 60% through algorithmic improvements

Progressive Web App *(Next.js, Material UI, Dart)*

Implemented Form Builder using Dart, achieving 99.9% uptime and handling 50k+ requests daily

Form Builder *(React, Next.js, Material UI)*

Built Admin Panel with Material UI and Next.js, serving 10,000+ daily active users

Admin Panel (*React, Dart, HTML*)

Created React Component Library leveraging React for core functionality and Dart for optimization

ADDITIONAL

Personal_statement: Passionate about developer tools and building technology that makes a difference.

Award: Hackathon 1st Place — MLH 2023

Spoken_language: Mandarin (Native)
