Experience

React Developer — Spotify

2025-08 to Present

Optimized frontend bundle size using Remix, reducing load time by 65%

Integrated third-party APIs using Accessibility (WCAG), reducing integration time by 61%

Integrated third-party APIs using Python, reducing integration time by 33%

Full-Stack Developer — PromptStack

2021-11 to 2025-04

Implemented state management solution using Python, reducing API calls by 47%

Integrated third-party APIs using Python, reducing integration time by 60%

React Developer — Confluent

2019-03 to 2021-07

Built real-time collaboration features using Supabase, serving 100000+ concurrent users

Built interactive data visualizations using CSS, serving 5000+ daily users

Implemented automated testing framework using React, achieving 58% code coverage

React Developer — Twilio

2017-12 to 2019-01

Developed responsive web applications using Dart, improving page load time by 59%

Developed responsive web applications using TypeScript, improving page load time by 33%

Created accessible UI components using Jest, achieving WCAG AA compliance

Developed responsive web applications using TypeScript, improving page load time by 46%

Frontend Developer — Amazon

2015-12 to 2017-06

Developed responsive web applications using Svelte, improving page load time by 43%

Integrated third-party APIs using Progressive Web Apps, reducing integration time by 62%

Implemented automated testing framework using Svelte, achieving 32% code coverage

Education

B.Sc., Data Science

Purdue University (2017)

Skills

- CSS
- Dart
- Material UI
- Next.js
- Svelte
- Figma
- Storybook
- Prettier
- Vite
- Git
- PostgreSQL
- Firebase
- Vercel
- AWS Amplify
- Render
- Cloudflare Pages
- Netlify
- Responsive Design
- Component-Driven Development

Projects

Content Management UI

Created E-commerce Platform leveraging Dart for core functionality and Svelte for optimization

Admin Panel

Developed Content Management UI using Material UI, reducing processing time by 60% through algorithmic improvements

Progressive Web App

Built SPA Framework using Dart and CSS, enabling automated processing and improving efficiency by 40%

Additional

Volunteer coding instructor at Allen, Allen and Cooper Youth Program, 2021-Present
