

Profile

Technical leader in full-stack engineering with extensive experience designing microservices, optimizing performance, and building high-performing teams. Proficiency in Java, TypeScript, JavaScript.

Experience

Platform Engineer 2022-07 — Present
Datadog

Designed RESTful API and frontend using Go, handling 100000+ concurrent sessions
Implemented CI/CD pipeline for full-stack app using Node.js, achieving 500+ deploys/week
Implemented CI/CD pipeline for full-stack app using Angular, achieving 1000+ deploys/week

Software Engineer 2021-08 — 2022-06
Stripe

Optimized database queries and frontend rendering using Firebase, improving UX by 63%
Architected full-stack solution with Supabase, improving response time by 44%
Optimized database queries and frontend rendering using Firebase, improving UX by 57%
Mentored team of 4 developers on Supabase full-stack best practices

Application Developer 2020-04 — 2021-06
NeuroLink Labs

Architected full-stack solution with Tailwind CSS, improving response time by 47%
Built end-to-end web application using Tailwind CSS, serving 100+ daily active users
Designed RESTful API and frontend using JavaScript, handling 100+ concurrent sessions

Education

Ph.D. in Information Technology 2021
Carnegie Mellon University

M.Sc. in Electrical Engineering 2017
ETH Zurich

Projects

Search Application
Developed User Management Portal using JavaScript, reducing processing time by 60% through algorithmic improvements

Notification Hub
Built Content Management System using Node.js and Vue.js, enabling automated processing and improving efficiency by 40%

Blog Platform
Implemented Real-time Chat App using JavaScript, achieving 99.9% uptime and handling 50k+ requests daily

SKILLS

- Java
- TypeScript
- JavaScript
- Node.js
- Vue.js
- Spring Boot
- MongoDB
- Redis
- Supabase
- SQLite
- Firebase
- Docker
- Cypress
- Netlify
- AWS
- Cloudflare
- Render
- Vercel
- REST API Design
- Responsive Design
- Microservices
- Agile

ADDITIONAL

"Day cause four every yard too foot perform"
— ArXiv 2025
Volunteer coding instructor at Mora-Brown Youth Program, 2024-Present
Employee of the Quarter — Google DevFest 2021
