Professional Profile

Engineering leader with deep technical background in TypeScript, Java, and SwiftUI. 10 years of experience delivering enterprise-scale solutions.

Core Competencies

TypeScript · Java · SwiftUI · Flutter · UIKit · Expo · KMP · Firebase · CocoaPods · Gradle · Hive ·
Firebase Firestore · AWS Amplify · RevenueCat · Supabase · App Store Optimization ·
Clean Architecture

Professional Experience

iOS Developer at ScaleGrid (2023-07 – Present)

- Implemented biometric authentication using AWS Amplify, securing 500+ user accounts
- Built AR/VR features using Core Data, increasing user retention by 25%
- Implemented biometric authentication using Firebase Firestore, securing 100+ user accounts
- Developed mobile application using AWS Amplify, achieving 50000+ downloads

iOS Developer at Meta (2020-05 – 2023-05)

- Built offline-first architecture using Realm, improving app responsiveness by 39%
- Created app analytics tracking using RevenueCat, providing insights on 50000+ users
- Created app analytics tracking using Flutter, providing insights on 5000+ users
- Built widget functionality using Flutter, increasing daily active users by 30%

Flutter Developer at Vercel (2018-09 – 2020-04)

- Developed mobile application using Objective-C, achieving 1000+ downloads
- Implemented deep linking using React Native, improving conversion rates by 55%
- Implemented push notification system using TestFlight, increasing user engagement by 60%

iOS Developer at PromptStack (2016-08 – 2018-09)

- Implemented deep linking using Core Data, improving conversion rates by 70%
- Implemented biometric authentication using TypeScript, securing 500+ user accounts
- Implemented biometric authentication using App Center, securing 5000+ user accounts

Mobile Developer at Anthropic (2015-08 – 2016-07)

- Developed mobile application using UIKit, achieving 10000+ downloads
- Created app analytics tracking using TypeScript, providing insights on 10000+ users
- Built offline-first architecture using React Native, improving app responsiveness by 57%
- Implemented push notification system using UIKit, increasing user engagement by 66%

Education

M.Tech. in Cybersecurity — Tsinghua University (2013)
